

**2026 JULY
PROMO**

SMARTER VENTILATION & BATHROOM CONTROL SOLUTIONS

Explore innovative solutions from Panasonic and Lutron designed to improve indoor air quality, streamline bathroom control, and create a healthier, more comfortable home environment.

PANASONIC WHISPERGREEN® SELECT FANS

Customizable ventilation fan designed for residential applications with selectable airflow, designer grille options, and advanced energy efficiency.

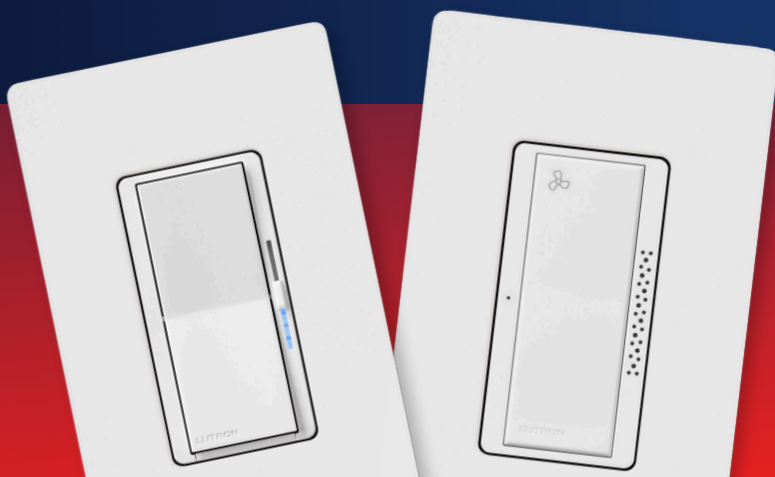

LUTRON DIVA LED+ DIMMER WITH NIGHT MODE

Control lighting while reducing nighttime disruption with a built-in night mode indicator and smooth LED dimming performance.

LUTRON XACTSENSE HUMIDITY SENSOR SWITCH

Automatically activates bathroom ventilation when humidity rises, helping reduce moisture buildup and improve comfort.

BETTER TOGETHER: VENTILATION & CONTROL

Pair Panasonic ventilation with Lutron smart controls to create a more comfortable and efficient bathroom experience. Together, these solutions help improve indoor air quality, reduce excess moisture, support everyday comfort, and give homeowners greater control over their bathroom environment.

Visit your local IES branch or browse featured Panasonic and Lutron solutions online.
